

CONFERENCE AND TRAINING CENTER

THE CHALLENGE

A global law firm needs multiple tables and credenzas for its large New York offices, which serve 200 lawyers and many corporate visitors. Its architect has a vision of light glass, marble and oak amid bright spaces and vibrant art. It needs a custom furniture manufacturer to create furniture to its exact specifications, and many varying sizes, and do so with the quality this industry leader and its clients expect.

THE SOLUTION

WallGoldfinger has been designing, engineering and creating the highest quality corporate furniture for decades. Its custom capabilities, materials and technology integration skills, and quality are unmatched. And WallGoldfinger Furniture's exclusive Arbor reconfigurable multipurpose room table offers the industry's most compact storage — perfect for this client and so many others.

DESIGNER

Gensler, New York, NY

MATERIALS

White oak veneer, solid white oak, Volakas marble, Chantilly Lace and Polo Blue back-painted glass, Soot faux leather, Embossed Oakwood plastic laminate, Mercury powder-coated Arbor legs, brushed stainless steel, polished stainless steel
